# SONOFF L1
SMART LED LIGHT STRIP
Light Up A Colorful Life

English

Parameters:

LED Light Strips

Input Voltage: DC12V
Luminous Flux: ≥ 300lumens/m
Life Expectancy: >25000 hours
Beam Angle : 140°
Material: FPCB
Operating Temperature: -15℃ ~ 50℃
Working Humidity: ≤95%
IP Rating: IP65

Power Adapter

Input: AC 100-240V 50-60Hz 0.6A
Output Voltage: DC12V
Output Power: 24W
Protection: Overvoltage Protection,
Overload Protection, Overheat Protection
Plug Standard Type: UK, EU, US

Wi-Fi Controller

Input: AC 100-240V 50/60Hz 0.6A Max
Output: DC 12V 2000mA
Wireless Connections: Wi-Fi IEEE 802.11 b/g/n 2.4GHz
Enclosure Material: ABS V0(Fire-Proof)
Remote Control: 24 Keys IR Remote Controller

Features of the Smart LED Light Strip

° SMD5050 LED Beads; FPCB Circuit Board; Every 3 LED lights in one segment

° Main Colors of the Light: Red/Blue/Green

° Operating Voltage: DC12V

Picking color for light	Dance with music	Easy Installation	Remote Control	Multi-plug Adpater	APP Control	Voice Control

Factory Resetting

Press the button "ON" for five seconds until the light strip displays red, green, and blue circulating lights, and then release. The reset is complete when the light turns yellow.

* When the light strip is used on a new network, it must first be reset to its factory settings and then set up again on the new network.

Safety Warning

1、Before using this product, please make sure that your voltage is appropriate for this product's working voltage. Using this product with a voltage other than the one specified may damage the product and cause safety hazards.
2、LED Light Sources are unchangeable, please don't dismantle them.
3、While the Light Strip is working, it will generate heat so please keep it in a cross-ventilation environment for heat dissipation.

Warranty

SONOFF L1 Smart LED Light Strips after-sales service is restrictedly complied with the"Law of the People's Republic of China on the protection of consumer rights and interests" and "Quality law of the People's Republic of China" to take responsibility of repair, refund and replacement.

1. Within 7 days of receipt of shipment, if the product malfunctions as described in the Product Performance Failure Table, after SONOFF after-sales center inspecting the product and confirming its cause, you can enjoy our free refund and replacement service.
2. Within 8-15 days of receipt of shipment, if the product malfunctions as described in the Product Performance Failure Table, after SONOFF after-sales center inspecting the product and confirming its cause, you can enjoy our free replacement and repair service.
3. Within 12 months of receipt of shipment, if the product malfunctions as described in the Product Performance Failure Table, after SONOFF after-sales center inspecting the product and confirming its cause, you can enjoy our free repair service.

Limited Warranty

1. This warranty does not apply to damage resulting from actions of the user such as unauthorized repair, maintenance, wiring/installation, operation outside of specification,modification; misuse, accidents, inflow are concluded; Tearing, smearing, labeling the anti-counterfeit mark are also concluded.
2. Exceed the warranty date.
3. Damage caused by force majeure.
4. Damage listed on Product Performance Failure Table caused by human behaviors .Product Performance fails because of using light modulator, unoriginal adapter, not working under non-nominal voltage and non-working environment..

Product Performance Failure Table

Name	Performance Breakdown
LED Light Strip	Not beaming
LED Light Strip	Lack of Colors
Controller	Can't find the LED Light Strip
Controller	Button not working
Controller	Reset button not working
Adapter	Can't supply power to the LED Light Strip
